

At Speen Church Of England School we believe Physical Education (PE) and school sport play an important role in making our motto of 'Seek Believe Achieve' a reality for every pupil. It also has the potential to change young people's present and future lives for the better.

The government sports grant for 2020-21 has been used to enhance provision for Foundation Stage and Key Stage One pupils.

Through PE and sport our children learn to develop the important qualities of discipline, resilience, communication, team work and ambition, leading to improved concentration, attitude, and academic achievement.
